Dear Bill,

San Vicente Blvd. is South Brentwood Residents Association's (SBRA) northern border. As adjacent neighbors, we have witnessed the disturbing changes to the boulevard due to the innocent or purposeful ignorance of the San Vicente Scenic Corridor Specific Plan Ordinance requirements for obtaining permits for new, remodel and signage projects and the lack of enforcement of DRB decisions and permit requirements. As a member of the DRB, I am concerned by the deterioration of the boulevard.

At our recent SBRA board meeting, board member Ray Keller brought the CVS addition and remodel project to our attention and noted that DRB approval was not requested by the Planning Dept. as is required by the SVBSCSP. The board voted to request that the current project be stopped until proper approval is obtained from the DRB. Even though much has been completed, there still are issues that would have been reviewed by the DRB had they had the opportunity.

Council support of the SVBSCSP and the DRB is critical, and better interaction with the Planning Department is necessary in order to protect, maintain and enforce the continued efficient operation of the plan.

Thank you for your interest and attention to this matter.

Sincerely,

Marylin Krell

Marylin Krell,
President, SBRA
