

SOUTH BRENTWOOD RESIDENTS ASSOCIATION

Security patrol is coming to So. Brentwood beginning May 1!

SBRA is happy to announce that after interviewing three respected security companies, we have reached a Memorandum of Understanding with ACS Security, a local alarm and patrol company, to provide armed patrol services in South Brentwood starting May 1st 2017.

ACS has agreed to start off with 3 drive-by patrol checks every day on each street in South Brentwood (including our alleys), seven days a week in May, during the hours between 10 am - 6pm. It is up to our community to determine the level of patrol coverage we receive after the May trial based upon how many neighbors contribute. We are confident that we can get to a 24-hour dedicated patrol that will be exclusive to our SBRA boundaries if we work together as a neighborhood to meet this common goal. SBRA members will contract directly with ACS.*

ACS is offering:

- All paid SBRA members will receive one month of ACS patrol service at no cost.
- If you haven't yet become an SBRA member, ACS has agreed to also cover the cost of your SBRA membership dues when you sign up for the patrol service.

If you are interested in the patrol service or simply want more information, reach out to our ACS neighborhood rep, Eino Hill. He can be reached by phone 310-903-8649 or by email at ehill@acssecurity.com. ACS' website is www.acssecurity.com

Eino will be at our Annual Meeting Thursday April 27 between 6:00-7:00 to answer any questions, along with Jason Wilson who is working with us to begin a Neighborhood Watch program in South Brentwood.

Save the date: June 1 at 7:00 PM at the Tenth Church of Christ, Scientist for a special meeting dedicated only to security with ACS, Neighborhood Watch and LAPD officers present.

More info to follow.

* SBRA does not endorse or guarantee the services of ACS. SBRA residents must consider if entering into a contract with ACS is appropriate for their household.
